

Not just hospice, **Alive Hospice**

We help terminally ill patients and their loved ones write the final chapter they want together. The only nonprofit hospice in the region, we go above and beyond standard hospice care with caregiver support, financial aid, community education, remembrance events, and a Grief Center that helps families cope with loss.

"The healing begins for the person and family when Alive comes in. They allowed us to relax and just be a family again, which is what we needed most."

— Son of a former Alive Hospice patient.

About Alive

Alive took root more than 40 years ago in Middle Tennessee when a small group of local pioneers (now honored in the Health Care Hall of Fame) shared a big dream: to bring peace and comfort to patients and their families at the end of life.

Alive is consistently rated among the best in the nation by those with a loved one in our care.*

*Multi-year winner of HEALTHCAREfirst! Hospice Honors award.
